

WATERMARK

KITCHEN

# Our Story

---

Born from New York City's industrial roots and creative spirit, Watermark Designs creates signature collections that transform spaces and perspectives. For more than five decades, we have defined the art of luxury plumbing, bathroom accessories, and architectural hardware, uniting timeless craftsmanship with modern innovation.

Each piece is conceived, crafted, and customized in our Brooklyn factory, where artisans, engineers, and designers work together to achieve precision and beauty. Beyond our in-house creations, we collaborate with leading architects and interior designers to develop exclusive collections that bring their creative visions to life, a testament to our belief that great design is a shared endeavor.

Our collections are featured in some of the world's most exclusive residences, hotels, and high-rises, including the Ritz-Carlton Shanghai, NoMad Hotel New York, and Eden Roc Miami Beach. Each project showcases Watermark's unmistakable quality and craftsmanship.

# Kitchen

# Elements Covers

**CRUSHED** – Hand-crafted recycled glass and marble terrazzo.

Choose from: **WP** Bedrock, **TP** Pebble, **TG** Pumice, **TW** Rocksalt

---

**ROCK** – Carved natural marbles and stone.

Choose from: **FW** Fawn, **RV** Raven, **BR** Bordeaux, **CA** Carrara, **ER** Exquisite Rose, **JU** Jungle, **VO** Volcano

*Due to natural variations in marble, each puck is unique in veining, pattern, and color. Pairs will not be an exact match.*

---

**FORGED** – Hand poured liquid metal and lacquer.

Choose from: **OS** Oil Slick or **OX** Oxblood

---

**METAL** – Time crafted Guilloché turned brass.

Choose from: **BA** Barley or **OM** Omega

---

# Élan Vital 38

---

The award-winning Elan Vital Collection redefines industrial sophistication. Inspired by the utilitarian elegance of commercial ball valves and plumbing unions, it offers a bold, distinctive aesthetic while seamlessly integrating the precision and performance of advanced modern valves and aeration.

# Elements 21

True to its visionary spirit, the Elements Collection invites you to experiment with color, form, and texture to create a faucet that is as distinctive and personal as the spaces it graces. The collection has been thoughtfully enhanced with the introduction of a refined small lever, which ensures full ADA compliance without compromising style.

**LKE2 - SCALLOP**  
Page 55

**LKE3 - ADA LEVER**  
Page 56

**How to Order:** 21-7-insert cover - spout and handle base finish / insert finish / metal cover finish (when applicable)

I.E. For deck mounted 3 hole square top kitchen set with Volcano handle cover in Satin Nickel finish, and Scallop insert in Polished Chrome finish: use code 21-7-E2VO-SN/PC

**COVER**

Select one of the covers from our designer friends to add texture and contrast to your creation.

**INSERT**

Select from one of the magnetic insert options, Bridge, Scallop, or ADA Lever designed to help you grip the handle.

Select a complementary finish from our range for your chosen Insert.

**HANDLE BASE**

Select a finish for the main components and handle base.

**E1 BRIDGE**

The completed handle with Bridge insert.

**E2 SCALLOP**

The completed handle with Scallop insert.

**E3 ADA LEVER**

The completed handle with ADA Lever insert.

**CRUSHED** – Hand-crafted recycled glass and marble terrazzo.

Choose from: **WP** Bedrock, **TP** Pebble, **TG** Pumice, **TW** Rocksalt

**ROCK** – Carved natural marbles and stone.

Choose from: **FW** Fawn, **RV** Raven, **BR** Bordeaux, **CA** Carrara, **ER** Exquisite Rose, **JU** Jungle, **VO** Volcano

*Due to natural variations in marble, each puck is unique in veining, pattern, and color. Pairs will not be an exact match.*

**FORGED** – Hand poured liquid metal and lacquer.

Choose from: **OS** Oil Slick or **OX** Oxblood

**METAL** – Time crafted Guilloché turned brass.

Choose from: **BA** Barley or **OM** Omega

# Paris 206 Stratford 321

The Stratford Collection is reminiscent of the distinguished fixtures gracing classic New York brownstones. With exquisite details such as solid brass levers, radiant Swarovski-cut crystal accents, and graceful cross-handles, the collection embodies old-world sophistication reimaged for today.

# Sutton 111

---

Inspired by a 1930s steam valve lever unearthed in a salvage yard, the Sutton Collection captures the essence of industrial heritage reimagined through Watermark's lens of craftsmanship. Defined by precision linear knurling and bold hex nut-inspired handles, Sutton embodies detailing and character unmatched in the world of luxury faucets.

# Kitchen Concealed Parts

## K-IHHT

### Instant Hot Heating Tank

Indicator light • Stainless Steel housing • Sensor prevents dry start-up • Provides 190 degree water instantly • 7 3/4" wide x 12" high x 8" deep

Finish	MSRP
CAT A	693

## K-FS

### Point of Use Filtration System

Unique filter media created by attaching powdered activated carbon and lead absorbent material onto a cellulose-free synthetic fiber matrix • Filter removes 99.9% of particles over .5 microns • Filter incorporates an anti-microbial agent to reduce bacteria • Anti-scale media for protection against scale build-up on the faucet and inside of the hot tank • 1250 gallon capacity - lasts 1 year based on average usage • Operates without wasting water like R.O. filters

Finish	MSRP
CAT A	434

## K-WCHL

### Water Chiller

Cools water to between 41° and 50° Fahrenheit • Large 1/2 gallon Stainless Steel tank • 3 gallons per hour • Lead free

Finish	MSRP
CAT A	1695

## MSBAH

### Air Switch Assembly

Air switch box and air hose • Direct plug-in • Does not include Air Switch Push Button

Finish	MSRP
CAT A	106

**CRT-PRMX25**

Mixing Valve Cartridge for  
 2 Hole and 3 Hole Kitchen Faucets

Finish	MSRP
CAT A	202

# Product Care

---

## Product Care Guide

All of our finishes are produced by hand, resulting in our unique products. Owners should be mindful of the delicate nature of our finishes. Careful attention is required when cleaning regularly to ensure the product is maintained.

Unless otherwise indicated, our products' finishes are "fixed" and sealed to ensure that, with correct cleaning, they will maintain their consistent finish throughout their lifespan. Occasionally, we will offer a "live" finish, which is unsealed, and which will cause the product to darken and tarnish with time and according to use. We take great care to highlight to customers when a finish is "live." In these cases, buyers should be aware that the characteristics that develop over time are a natural part of the product. Likewise, some of our finishes are imparted by hand polishing and brushing along surfaces and joints of the product. These effects are part of the intended character of the finish. While the overall aesthetic will be harmonious, customers should be aware that two subcomponents, when placed together, might not demonstrate identical characteristics. This variation should be considered part of our products' handmade quality and should not be considered a defect.

## Maintenance

With proper care, your fixtures will maintain their beautiful appearance for years to come. While all Watermark Designs finishes are crafted for maximum durability, failure to provide proper care may void the warranty.

To help preserve your fixtures, here are some important maintenance tips.

## All Finishes - Easy Maintenance Tips

- Wipe dry after each use with a soft, dry cloth to prevent water spotting and mineral buildup.
- Clean and polish regularly. Use a mild soap and water solution, followed by a furniture polish, such as Pledge.
- For LIVING FINISHES (see section "Living Finishes"), Flitz Faucet Wax+ s recommended. Avoid aggressive cleaning methods to maintain the finish.

## Important Cautions

- Avoid abrasive and aggressive cleaning products (e.g., OxiClean®)
- Avoid ammoniated cleaners (e.g., window cleaners, tile cleaners)
- Do not use bleach
- Avoid abrasive cleaning pads (e.g., Scotch-Brite®)
- Avoid allowing water to sit on the faucets for extended period of time
- Do not allow water to pool at the base of the fitting

## Finish Specific Care Guidelines

**Lacquered Finishes:** Matte Black-MB, Vintage Brass-VB, Antique Brass-AB, Oil Rubbed Bronze-ORB, Rustica Brass-RB, Vintage Copper- VNCO, Satin Elite Brass-SEL, Satin Bronze-SBZ, Satin Gold-SG, Elite Brass-EL, Polish Copper-PCO, and Antique Copper-ACO

- These finishes are protected with a lacquer coating. To maintain their appearance, please follow "All Finishes - Easy Maintenance Tips"
- Avoid abrasives, which can damage the protective coating and expose the underlying material.

**Unlacquered Finishes:** Polished Chrome-PC, Polished Nickel-PN, Ebony-EB, and Charcoal-CL

- Follow "All Finishes - Easy Maintenance Tips"
- Use only mild, non-abrasive soap and water when deeper cleaning is needed. Rinse thoroughly and dry with a clean microfiber cloth.
- Avoid harsh products. Do not use abrasive cleaners, pads, or chemical-based products (such as bleach, ammonia, or alcohol) as these can damage the finish.

## Satin Nickel Finish-SN

- This uncoated finish showcases the natural beauty of the metal.
- If not maintained correctly, the finish can oxidize. If this occurs, use a metal polish like Brasso® to restore luster.

**PVD Finishes:** Satin PVD-SPVD, PVD Brass-PVD, PVD Satin Pearl Gold (SPG), and PVD Polished Pearl Gold (PPG)

PVD (Physical Vapor Deposition) creates a super-hard, durable finish. However, please do not use acidic chemicals on the finish as they may damage the finish.

- Follow "All Finishes - Easy Maintenance Tips"
- Avoid products designed to remove tarnish or rust, as well as those containing hydrochloric, hydrofluoric, or phosphoric acid.

**Living Finishes:** Unlacquered Polished Brass-UPB and Aged Polished Brass-APB

- These artistic finishes develop a unique patina over time, giving them an antique, rustic charm. Note: no two fittings will look the same.
- Regularly apply a high-quality wax, such as Flitz Faucet Wax+ or Brasso, to protect and enhance the finish.
- Frequent contact areas (e.g., handles) may develop additional shine from natural oils in your hands.
- Wiping with a soft cloth after use and waxing regularly will minimize spotting and uneven patina development.

**Additional Living Finish Notes:** Gunmetal-GM, Pewter-PT and Aged Nickel-AGN

Contact with water may create spotting and an irregular patina if left untreated. To minimize this, wipe fixtures with a soft cloth after each use and regularly apply furniture polish, Flitz faucet polish, or a microscopic film of silicone grease. Avoid using cleaners or polishes designed for stainless steel kitchen appliances, as these products will void the finish warranty.

By following these care instructions, your Watermark Designs fitting will remain a stunning centerpiece for years to come.

# Guarantee

---

Below is summary of WATERMARK DESIGNS' product guarantees, warranties, commercial policies, cancellation and returns policies, pricing, shipment, and payment terms. The summary outlines the conditions under which warranties are valid, exclusions, and the responsibilities of the purchaser and installer. Full details of our current policies, which we may update periodically, are available via the WATERMARK DESIGNS website ([www.watermark-designs.com](http://www.watermark-designs.com)).

## Limited Lifetime Warranty

WATERMARK DESIGNS offers a limited lifetime warranty on most of its products to the original owner of the residential property in which the product(s) were first installed. This warranty covers defects in material and workmanship for the lifetime of the owner and is non-transferable. However, product parts made of crystal, glass, porcelain, stone, wood, and certain handles are excluded. Finishes on pop-up assemblies and drains are also excluded. For products to remain eligible for coverage under the warranty, proper installation practices must have been followed, including thorough flushing of lines before installation and the use of in-line filters or softened water to prevent damage. The warranty is void if the product is altered, misused, neglected, cleaned improperly, installed outdoors, or repaired with inappropriate replacement parts. Use of lead-based acidic adhesives or premature installation before construction completion will also void the warranty.

## Warranty Details

- Finish Warranty: Uncoated polished brass, aged brass, and living finishes are excluded from finish warranties as they naturally change over time, especially in marine or coastal environments. Copper and gold finishes have a five-year warranty from the date of purchase.
- Valve Warranty: Ceramic disc valves for lavatory faucets, tub/showers, and Roman tubs are warranted for the duration of home ownership. Other valves have a two-year warranty. Instant hot water tanks carry a three-year limited warranty.
- Exclusions: Damage from alteration, misuse, improper cleaning, mineral buildup, corrosion from saline or corrosive exposure, outdoor use, natural disasters, or negligence are not covered. Labor charges related to uninstalling or reinstalling are excluded.
- Warranty Scope: The warranty covers replacement of defective parts but excludes labor and other expenses. The warranty is exclusive and replaces all other warranties.
- Please see Watermark Designs' website for full warranty terms and conditions.

## Commercial Warranty

For industrial, commercial, or business use, including rental properties, the warranty conditions are the same as residential but limited to one year for finishes, cartridges, and mechanical components. Implied warranties such as merchantability and fitness for a particular purpose are disclaimed for commercial purchasers.

## Cancellation Policy

Orders must be canceled within 48 hours of purchase order issuance to avoid a minimum 25% restocking fee. Cancellations after shipment incur at least a 30% restocking fee. Custom component products are non-cancellable.

## Returns Policy

- Returns require a written Return Goods Authorization (RGA) and must be in original condition within 30 days of the RGA date.
- Products and packaging must be in perfect condition to avoid refusal of credit or restocking fees up to 100%.
- Shipping costs for returns are the dealer's responsibility.
- Returns after six months are not accepted.
- Restocking fees vary between 30-50% for all eligible returns.
- Used toilet brush sets are not accepted for return due to hygiene.
- Bespoke, custom, or special orders are final and non-returnable unless a verified manufacturing defect exists.
- Roman tub roughs are not sent ahead to prevent installation errors unless a waiver form is signed.

## Pricing Policy

- Products combining components from multiple series are priced based on the highest-priced series.
- Products with mixed finishes are priced according to the highest-priced finish group and follow the longest lead time.

## Shipment Policy

- Freight is free on regular priced shipments of \$1500 or more to one location, excluding display and specially quoted orders.
- Freight collect or third-party shipments incur a \$5 handling charge per shipment.
- Expedited orders incur a 25% fee, with lead times varying by finish and customization. Expediting fees are charged only if the quoted lead time is met.
- Rush orders require a separate "Expediting Fee" line item on the purchase order.
- Cancelled orders with expediting fees are subject to a 35% restocking fee.

## Terms of Payment

Complete payment method and terms information is available on the WATERMARK DESIGNS website <https://watermark-designs.com/terms-payment-options>.
